

OKK – Oslo Kamera Klubb

Diverse kamera, objektiver og annet testamentert il Oslo Kamera Klubb.

Dette er en oversikt over kamerautstyr som har tilfalt Oslo Kamera Klubb fra et privat dødsbo, formidlet gjennom Leger Uten Grenser, i januar 2021. Avdøde hadde gjennom et langt liv vært aktiv innenfor romfart, radioteknologi og åpenbart hatt stor interesse for anskaffelse av foto- og filmutstyr. To ulike leiligheter var fylt med skap, hyller og esker som inneholdt alt fra elektroniske komponenter, smalfilmframvisere, radioapparater og fotoutstyr av ulik fabrikat og kvalitet.

Oversikten viser ulike kameramodeller, objektiver, blitser, et par mikroskoper pluss noen uspesifiserte deler. Jeg har samlet litt overfladisk informasjon om utstyret og benyttet tjenesten Collectiblend til å finne mulige verdier av det enkelte kamera. Dette er uansett vanskelig ettersom verdien styres av mange variable. Det er uansett et poeng at det finnes samlere som er villige til å betale, noen ganger høye summer for det riktige objekt som skal inngå i en samling. De angitte priser kan derfor tjene som en rettesnor for hvilken pris OKK kan kreve ved salg eller auksjonering av utstyret.

Ebay har også vært benyttet for å finne mulig verdi oppgitt forhandlerpris på utstyr av nyere dato. Det uendelig antall ulike modeller har jeg benyttet [wiki.en/index.php/Serial_Numbers_Leica_Cameras](https://www.l-camera-forum.com/leica-wiki/en/index.php/Serial_Numbers_Leica_Cameras)) modellbetegnelse og verdi. Men dette er dessverre også beheftet med usikkerhet.

av utstyr som objektiver, filtre, blitser, mikroskop. I noen tilfeller har jeg inngår også et par Leica-kameraer i oversikten. Ettersom det finnes et serienummer (<https://www.l-camera-forum.com/leica-stadfeste>) produksjonsår eller periode og på den måte bestemme

Jeg håper at klubbens medlemmer kan være interessert i noe av dette og at denne gaven kommer Oslo Kamera Klubb til nytte.
